Report of Independent Auditors

To the Participants and Administrator of  
La-Z-Boy Incorporated  
Matched Retirement Savings Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of La-Z-Boy Incorporated Matched Retirement Savings Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Schedule H, line 4i - Assets (Held at End of Year) and Schedule H, line 4j - Reportable Transactions for the Year Ended December 31, 2002 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. These supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## 1. Description of the Plan

The following description of the La-Z-Boy Incorporated Matched Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

La-Z-Boy Incorporated (the Company) sponsors the Plan, which is a defined contribution plan covering eligible participants. The Plan is administered by a Central Board of Administration (the Board) appointed by the Board of Directors of the Company. The Investment Performance Review Committee oversees the investment options selected for the Plan. The Company has appointed Key Trust Company of Ohio, N.A. (Key Trust), as the Plan's trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In June 2002, it was announced that Key Trust would discontinue its employee benefit plan services. During 2002, the Board selected Putnam Fiduciary Trust Company (Putnam) as the successor trustee of the Plan. Assets of the Plan were transferred from Key Trust to Putnam on January 2, 2003.

### Participation

Effective July 1, 2002, employees who have completed at least 90 days of service following their first day of employment and have attained the age of eighteen are eligible to become participants on the first business day of the subsequent calendar month, with the exception of the Company's ineligible subsidiaries. Prior to July 1, 2002, employees who had completed 1,000 hours of service in a six month period and had attained age eighteen were eligible to become participants as of January 1 or July 1 following their qualification, with the exception of employees of the Company's ineligible subsidiaries.

### Vesting

Participants are always fully vested in their own deferral accounts. Effective January 1, 2002, participants become vested 25% in employer matching contributions after one year of service and vest an additional 25% each year thereafter, becoming 100% vested after four years. Prior to January 1, 2002, participants became fully vested in the Company's matching contribution accounts after five years of service.

### Contributions

Contributions to the Plan consist of the following:

- a. effective July 1, 2002, participants may make elective participant compensation deferral contributions in an amount up to ninety-nine percent of eligible compensation, not to exceed \$11,000.

1. Description of the Plan (continued)

Contributions (continued)

- b. prior to July 1, 2002, authorized participant compensation deferral contributions in an amount up to fifteen percent of eligible compensation for participants who were classified as factory hourly or employees of the Sam Moore division, or up to seven percent for those participants who were classified as executive, salaried, office hourly or factory supervisor; or the adjusted equivalent of \$10,500, whichever was less.
- c. the Plan provides for employer matching contributions of fifty percent of the first two percent of participant deferrals, with the exception of employees of the Sam Moore division, and employees of Bauhaus, USA, Inc., a wholly owned subsidiary of the Company, who receive matching contributions of twenty percent of the first five percent of participant deferrals; who are not eligible for an employer matching contribution; supplemental employer matching contributions based upon a number of factors including age, years of service, employee classification (factory hourly, factory supervisor, executive, salaried, office hourly) and division of the Company are provided for in the Plan. All employer contributions are made to the Company Stock Fund, which consists of La-Z-Boy Incorporated common stock and money market investments, and remain in that fund until retirement or withdrawal from the Plan, or until a participant attains the age of fifty-five and elects to diversify their fund, as allowed by the Plan.
- d. any forfeiture restoration amount; and
- e. amounts that participants have the ability, under certain circumstances, to contribute that have been received as distributions from pension benefit plans or "rollovers" from selected eligible individual retirement arrangements.

However, total individual participant contributions shall not exceed the lesser of:

- f. prior to July 1, 2002, up to fifteen percent of the eligible compensation for participants who were classified as factory hourly employees and up to seven percent of eligible compensation for participants who were classified as executive, salaried, office hourly or factory supervisor and who participate in the Company sponsored profit sharing plan; beginning July 1, 2002, ninety-nine percent of the eligible compensation of the participant during the plan year; or
- g. the aggregate individual participant limitations set forth under Section 415 of the Internal Revenue Code (IRC).

## 1. Description of the Plan (continued)

### Contributions (continued)

The forfeited, nonvested portion of a terminated participant's account may be used to reduce the Company's matching contribution. During 2002 and 2001, \$126,979 and \$169,717, respectively, of employer matching contributions were forfeited by terminated employees before those amounts became vested. During 2002 and 2001, forfeited nonvested balances in the amounts of \$169,800 and \$197,000, respectively, were used to offset the Company's matching contributions.

### Voting Rights and Dividends

Each participant that has an interest in the Company Stock Fund is entitled to exercise voting rights attributable to the shares allocated to his or her Company Stock Fund account and is notified by the trustee prior to the time that such rights are to be exercised. If the trustee does not receive timely instructions, the trustee itself or by proxy shall vote all such shares in the same ratio as the shares with respect to which instructions were received from participants.

Each participant that has a vested interest in the Company Stock Fund may elect to receive cash dividends that are paid on shares of Company stock. Cash dividends that are distributed under this election shall be paid not later than ninety days after the close of the Plan year in which the cash dividends are paid. If a participant does not elect to receive cash dividends, cash dividends that are paid on shares of Company stock are reinvested in the Company Stock Fund.

### Plan Benefits

Participants having five years of service under the Plan are entitled to the full value of their accounts beginning at normal retirement age (sixty-five). Participants with at least ten years of participation are eligible for early retirement at age fifty-five. The value of a retiree's account will be paid as soon as administratively feasible after the date on which he or she retires.

If a participant's total vested account balance is \$5,000 or less, the benefit payment will be made in the form of a lump sum cash payment. The participant also may elect to receive the entire portion of their account that is invested in the Company Stock Fund in cash or in La-Z-Boy Incorporated common stock. The remainder of the account balance is paid in the form of a lump sum cash payment.

### Death Benefits

Upon the death of a participant, the value of his or her account becomes fully vested. As soon as administratively feasible thereafter, the value of the participant's account will be paid to any beneficiary designated by the participant or as stipulated in the Plan.

### Disability Benefits

Participants who become totally and permanently disabled are eligible for disability retirement benefits. The participant shall have the value of his or her account fully vested and payable in the same manner as normal retirement benefits.

### Hardship or Financial Need

Upon application by the participant, the Board may direct distribution of such participant's funds to alleviate extreme hardship. In no event shall the amount exceed eighty percent of the participant's total compensation deferral contribution balance. The distribution shall be subject to personal income and excise taxes.

A participant may also apply to borrow an amount not less than \$1,000 or greater than the lesser of \$50,000 or fifty percent of the participant's vested account balance in the Plan. Terms of the loans are limited to five years, unless used for the purchase of a principal residence. Interest rates on loans granted bear interest at commercially reasonable rates.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

### Expenses of the Plan

Trustee fees are paid by the Plan. Investment management fees are paid by Plan participants based on participation in the various funds. All other Plan expenses, including administrative and professional fees, are paid by the Company.

### Investments

Investments in securities traded on a national securities exchange are valued based on published quotations on the last business day of the plan year. Securities not so traded are valued at the latest available and appropriate bid price on that date. Mutual fund investments are valued based on the market value of the underlying investments as of the last business day of the plan year. Participant loans receivable are valued at cost which approximates fair value.

### Net Appreciation and Depreciation of Investments

Realized gains and losses are calculated by subtracting the proceeds from the sale of investments during the plan year from the fair value of the investments at the beginning of the plan year, or at the time of purchase if acquired during the plan year. Unrealized appreciation and depreciation of investments is calculated by taking the fair value of the investments at the end of the plan year less the fair value of the investments at the beginning of the plan year, or at the time of purchase if acquired during the plan year.

### Allocation of Assets

Participant compensation deferral contributions are allocated to individual participant accounts each pay period. Company matching contributions are allocated to individual participant accounts monthly. Changes in the fair market value of investments and gains and losses on the disposition of investments, and investment income are allocated to individual participant accounts on a daily basis in proportion to their account balance.

3. Investment Options

The Plan provides participants with several investment options including the Company Stock Fund, which consists of La-Z-Boy Incorporated common stock and the EB Money Market Fund, as well as various mutual funds.

Participant fund allocations are made in increments of five percent and participants may change their allocation of contributions among the investment options and transfer amounts between investment options on a daily basis. The Company's matching contribution is made in the Company's common stock.

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits at December 31, 2002:

La-Z-Boy Incorporated common stock, 2,180,327 shares	\$ 52,284,241*
Cash	50,107,766
Participant loans	10,851,951

The following presents investments that represent five percent or more of the Plan's net assets available for benefits at December 31, 2001:

La-Z-Boy Incorporated common stock, 2,240,538 shares	\$ 48,850,244*
Victory Stock Index Fund, 712,326 shares	12,116,660
Victory Balanced Fund, 927,803 shares	11,124,359
Victory DCS Reserve Fund, 75,802 shares	14,213,544
Franklin Small Mid Cap Growth Fund, 259,343 shares	8,083,722
Participant loans	9,958,112

\* Includes both participant-directed and nonparticipant-directed investments

During 2002, the Plan's investments (including net appreciation and depreciation on investments bought and sold, as well as held during the year) depreciated by \$2,190,989 as follows:

Mutual funds	\$ (7,261,375)
Company's common stock	5,070,386
	-----
	\$ (2,190,989)
	=====

5. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to Company Stock Fund, which contains both participant-directed and nonparticipant-directed investments, is as follows:

	December 31,	
	2002	2001
Net assets:		
Company Stock Fund	\$ 52,883,015	\$ 49,349,912
	=====	=====
		Year Ended
		December 31,
		2002
Changes in net assets:		
Contributions		\$ 6,952,174
Dividends		867,583
Net appreciation		5,070,386
Benefits paid to participants		(8,313,119)
Transfers to other participant-directed investments		(1,392,497)
Administrative expenses		(181,540)
Transferred assets from other plans		530,116
		-----
		\$ 3,533,103
		=====

6. Party-in-interest

Investments in the Company Stock Fund consist of 2,180,327 and 2,240,538 shares of La-Z-Boy Incorporated common stock at December 31, 2002 and 2001, respectively. Shares for this fund are purchased on the open market by Key Trust or are issued by the Company at fair market value. At December 31, 2002 and 2001, the Plan held certain investments in mutual funds managed by Key Trust. Purchases and sales of these mutual funds are open market transactions at fair value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from prohibition of party-in-interest transactions under the IRC and ERISA.

7. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Company by a letter dated June 10, 2003, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts previously allocated to the participants shall be fully vested subject only to any charge or lien, which may then or thereafter exist and be due to the Trustee.

9. Risks and Uncertainties

The Plan's invested assets ultimately consist of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

La-Z-Boy Incorporated common stock, included in the Company Stock Fund, accounts for approximately 46% and 45% of the net assets available for benefits of the Plan at December 31, 2002 and 2001, respectively. Fluctuations in the price of La-Z-Boy Incorporated common stock would materially affect the participants' account balances and the net assets available for benefits of the Plan as a whole.

10. Plan Amendments

Effective January 1, 2002, the Plan was amended and restated to comply with several recent legislative actions. Additionally, effective January 1, 2002, the Plan was amended to allow participation by eligible employees of Bauhaus, USA, Inc., a wholly owned subsidiary of the Company, who previously participated in the Bauhaus, USA, Inc. 401(k) Plan. In February 2002, the Plan was amended to convert the Company Stock Fund component of the Plan to a non-leveraged employee stock ownership plan, satisfying the requirements of IRC Sections 401(a), 409 and 4975(e)(7).

Effective January 1, 2001, the Plan, formerly known as the La-Z-Boy Chair Company Matched Retirement Savings Plan, was amended and restated to comply with several recent legislative actions and to change the eligibility and contribution provisions as stated in Note 1. After restatement, the plan name was changed to the La-Z-Boy Incorporated Matched Retirement Savings Plan.

11. Subsequent Events

As previously described in Note 1, in June 2002, Key Trust announced that they would discontinue their employee benefits plan services. During 2002, the Board selected Putnam as successor trustee of the Plan. Assets of the Plan were transferred from Key Trust to Putnam on January 2, 2003.

Prior to the Plan's year-end, certain investments were liquidated by Key Trust in anticipation of transferring Plan assets to Putnam. The cash balance reported on the Statement of Net Assets Available for Benefits is made up solely of the proceeds from these sales.

Concurrent with the change of trustees, the Plan was amended and restated to consolidate and allow participation by other Company sponsored employee benefit plans, including the LZB Retail, Inc. Matched Retirement Savings Plan, the Retirement Savings Plan for Employees of LADD Furniture, Inc., and the England, Inc. 401(k) Retirement Plan and Trust. Upon restatement, the Plan name was changed to the La-Z-Boy Incorporated Retirement Savings Plan.
